Warns Against an Increase in Sales Tax to 3 Percent

CHAMBER OF COMMERCE PRESENTS ARGUMENTS; PROPOSES FISCAL POLICY

The state sales tax will return to 3 percent next July, the Los Angeles Chamber of Commerce warned today, unless the legislature takes positive action to continue tax reductions. Withdrawal of the 15 percent reduction in the bank and corporation franchise tax, the corporation income tax, and a temporary increase in personal income tax exemptions, were among other possibilities.

The directors set forth an eight-point fiscal policy they proposed be adopted for the state in letters to Southern California members of the legislature.

President James E. Shelton quoted them as saying:

"1. Inasmuch as it now appears the state will enter the 1947-48 fiscal year with a substantial surplus and with high yields of present taxes, the legislature should continue the tax reduction program for at least one more year.

"2. The unencumbered state surplus should be conserved so as to spread it as far into the future as possible to cushion the state against future decline of revenue yields.

"3. Because of present wage and price inflation and because of heavy competition for building materials and labor, building construction in state financed

United Lutheran Church Prepares Plans for Edifice

Shown above is the model by Architect J. T. Joesler for the proposed new church edifice of St. Peter's-by-the-Sea United Lutheran church of Ocean Beach. The plan is for this structure to rise at the foot of Adair St., fronting on Sunset Cliffs Blvd. and commanding a closeup view of the Pacific ocean.

A seating capacity of at least 300 is contemplated in the new church, construction of which will start as soon as condtions of material, manpower and finances will permit, according to Rev. E. J. Johnson, the pastor. The two main rooms will be the auditoium, seating 180 and the adjoining Sunday school room providing an additional 120 seats. Both rooms are arranged so they can be thrown together for use for extra large audiences.

Construction will be of frame and stucco and there will be ample space for parking of cars to the rear of the main building.

Mission Bay C. of C. To Reorganize at Meeting of Feb. 27

A group of local citizens have completed the necessary arrangements for a reorganization meeting of the Mission Bay Chamber of Commerce, to be held at 8 p.m. Thursday, February 27, at the Shalimar club, 4095 Pacific Highway, reports Steven Young of Ocean Beach, chairman of the reorganization committee.

The initial meeting has been planned by the reorganization committee for men only, and a capacity attendance of 400 is anticipated, Young reports. The program includes a short discussion on the purposes and goals of the Mission Bay Chamber of Commerce, with emphasis on the promotion of improvements on a community-wide basis and advertising the benefits and conveniences, from both a business and resident standpoint, of living and playing in the Mission Bay area.

An election of temporary officials and a discussion of membership, at which time a motion limiting dues to $1 yearly will be made, he says.

The assembly will be entertained by the Shalimar club orchestra and a special show imported from Hollywood.

Further details and tickets may be obtained by contacting Mr. Young at 4794 West Point Loma Blvd., or by phoning him at Bayview 3154.

Serving on the reorganization committee with Mr. Young are William H. Valentine and Marshall "Red" Malcolm of Ocean Beach, Richard B. Johnson of La Jolla and Paul Shafer of Pacific Beach.

Scouts Celebrate 50th Anniversary On Camping Trip

Boy Scout Troop 50 of Ocean Beach celebrated the 37th Boy Scout anniversary by taking a week-end camping trip to Descanso.

This is the first of a series of monthly outings being planned by the Green Bar patrol for Troop 50, reports the troop scribe. The theme for this month's camping trip was "Tracking" and "Stalking." After one or two more trips like this one Troop 50 will be in tip-top shape for summer camping trips which will take the Scouts deep into the back country with only packs and knowledge of the Scout Lore which they learned through Scouting.

The temperature dropped below 32 degrees at Descanso which kept the troop's wood choppers busy and gave them an opportunity to test their Scouting ability to insulate from the cold.

Summing it all up the Scouts report a wonderful time and extend thanks to Mr. and Mrs. Charles W. Moran of 4443 Pescadero Ave., for furnishing the transportation which made the camping trip possible. Scouter Al Fabbri was in charge.

For George Dethier who joined the troop January 30, this outing was his first with troop 50.

Richardson Tells Of Life in Russia At Lions Meeting

Life as he observed it in Russia during three and half years stationed there with the U. S. Navy, was the subject of the talk by Joseph L. Richardson to the Ocean Beach Lions club. The speaker provided many interesting sidelights on a little-understood country. Richardson, now an insurance agent here, described his marriage to a Russian girl and the birth of their child in Russia. He told of the wonder of the Russian people at stories of life in the United States and of how uninformed the Russians are of Americans.

The talk was very well received by Lions members who asked many questions about the U. S. S. R. and its government.

The meeting was held at 7 p. m. at Glenn's Drive-In on Thursday, Feb. 6. Mel Bergstrom was program director of the evening.

Masons Organize Group to Prepare For New Temple

PLAN IS TO CONSTRUCT TEMPLE ON SITE BOUGHT RECENTLY ON VOLTAIRE

A non-profit Masonic Temple association has been formed by Point Loma Lodge No. 620, F. & A. M., of Ocean Beach, The News was informed this week. Officers named to head the association are as follows:

Harry P. Bowman, president; Percy E. Essex, vice-president; Harold K. Rankin, treasurer, and R. T. Moore, secretary.

Purpose of the association is to "erect, furnish and maintain a new Temple" for the local lodge. Approval of the secretary of state and of the Grand Lodge already have been obtained.

As previously announced, the Ocean Beach Masons have purchased a lot 50 by 140 feet on the south side of Voltaire St. between Sunset Cliffs Blvd. and Ebers St., on which the plan is to construct the new home for this lodge. For several years, the Masons have had their hearts set on a new Temple. Growth in membership has been such that the lodge has outgrown the capacity of the present location on Newport Ave.

The newly formed association is making definite plans to raise the funds necessary for the new Temple, particularly through the sale of membership certificates and have set a goal of $50,000 certificates to be sold during 1947, the officers report.

Legion Auxiliary To Help State's Most Disabled Vet

(By Myrtle Orrick)

Clyde A. Wright American Legion Auxiliary, at their meeting in the Woman's clubhouse Feb. 6, voted to hold a bingo party for the public at the clubhouse Thursday evening, Feb. 20, under the auspices of the Rehabilitation chairman, Florence Allen. This is a most worthwhile endeavor as the proceeds are to be the contribution of Ocean Beach to the fund being raised throughout the state for California's "most disabled" veteran, Bob Moore. He has had 26 plastic surgery operations, his right arm is amputated, his left hand has only a thumb and small finger, one leg is shattered and his eyes are out, all the cause of an explosion and fire during the war when he was in the Navy. Mr. Moore isn't even able to study Braille. Homemade cake and coffee will be served and a pleasant evening is planned says Florence Allen, so let's get behind the project.

Harry G. Wright was reported "no better" in Navy hospital and the unit voted to send a gift and greetings to the father of Clyde for whom the local Post is named.

The unit members were told that the "Dimouts" specialty numbers are among the best so far used in Ocean Beach and that there will be at least 16 acts in the show.

MEET YOUR OCEAN BEACH NEIGHBORS

(Editor's note: The following is the second of a series of brief biographical sketches of the business and professional men and women of Ocean Beach. The purpose of this series is to help our readers to become better acquainted with the men and women who serve them in the business, professional and civic activities of this community. Insofar as possible we will present our biographical subjects in an alphabetical order. However, because all of these men and women may not have photographic cuts of themselves available at present, we will have to start out with those we have on hand. Since we already have cuts of most of the officers of the various civic organizations, we will begin with them. All other business and professional people of Ocean Beach are urged to provide photographs of themselves to the News business office so that we may have cuts made as soon as possible.)

GIRL SCOUTS ACTIVITIES

(By Mrs. George White)

Girl Scouts of Ocean Beach and Loma Portal were asked by the Junior Chamber of Commerce of San Diego to help campaign with their Traffic Safety Slogan campaign, Saturday, February 8. The girls of Troops 127, 135 and 165 distributed Safety Slogan contest blanks on street corners of downtown San Diego. They also pushed a "helpless cripple" (Junior Chamber of Commerce executive) down the streets in a wheel chair, showing San Diego citizens what could happen to them if they are not more careful crossing the streets.

An item of interest to local Girl Scout leaders and interested adults is the Camp Licensing course to qualify leaders to take girls on overnight trips, scheduled for April 1 and 8 from 10 a. m. to 2 p. m. Actual training is to be given. The climax of the course will be a week-end trip to Camp Tapawingo, April 12 and 13. If interested, contact Mrs. Peterson at Scout House, Main 9156.

Mrs. Ruth Crosby, co-leader of Troop 207, took the girls (all 33 of them) to the Strand Theatre Saturday, February 8, to see "Courage of Lassie." Mrs. Crosby reports she is desperately in need of a leader for these 7 and 8-year-old Brownies. Won't one of you mothers please help. This troop needs to be divided—it is too large. Girls need scouting and troops need leaders. If you can help, please call Mrs. Enar Olson, Bayview 5490.

Girl Scout troop 127 was reorganized into an interest group at their Wednesday meeting. A business session was held and a troop name and officers were chosen. The new troop name is "Red Roses" and new patrol names and leaders selected were "Petals," Jerry Anne Berkman; "Leaves," Sally Bonham, and "Stems," Kay McLaughlin. Patrol scribes are Susan Shanon, Mary Carolyn Ward and Nancy Lee. The troop scribe is Chu-teh Killian, and treasurer, Janet Johnson. Ruth Elliot was awarded her second class pin and a Court of Honor was held after the election. Plans were made for a "surprise" hike this Wednesday. Don't forget your permission slips girls.

Troop 165 was to make campfire fudge at their meeting Tuesday. The sugar stamp for the fudge was donated by Mrs. Roll Keck, scout mother. For their outdoor badge activity, the girls are to find edible wild plants such as wild spinach and mustard and to learn how to cook them. Ocean Beach Dana Junior High school girls of the seventh grade may join this troop.

Girls of Brownie troop 135 enjoyed a Valentines party at the home of Mrs. Enar Olson, Thursday afternoon, Feb. 13.

Committee member, Mrs. Arvil Bradberry, has arrived back in Ocean Beach after a two-week business trip to Arizona.

S. Hunter, Ninth district president, will be the speaker, reports Mrs. R. H. Guyer, the publicity chairman. STATE COLLEGE NEWS

(By Claire Hollobaugh)

Here we go again. Already some of us are writing themes and madly reading books and, strangely enough, going at it in an enthusiastic manner.

Speaking of enthusiasm, the State-Cal. Poly basketball game was attended both Friday and Saturday nights by a representative number of Ocean Beach students. Among those present were Dorothy Shepherd, Joanne Sikes, Mildred Van Gessel, Frank Alverson, Jack Davis, John Kowal, Bob Brazell, John Bradshaw, Joe Tody, Sunny Woods, Bob Senica, Richard Albrecht and Jack Blackwell.

When Point Loma High scored a 41-16 victory over Coronado's basketball team last Friday, Al Clough, Harold Hulmerad, Bill Sharp, Bill Stone and Jack Hamlin were there to watch the runaway.

Maryolive Cobb of 3904 Wildwood Rd. attended a pot-luck dinner Sunday night at the home of one of her sorority sisters. Maryolive was also seen at the Coronado Charity ball for the orthopedic hospital given at the Hotel Del Coronado.

Mildred Freakly of 4469 Santa Monica was a guest at a house party given in Pasadena last week-end.

Recently seen ice skating at Glacier Gardens were Alan King, Jack Davis, Ed Klosterman, Bob De Guevara, "Tank" Pearson and Bill Ryan.

Ed Hobson of 4361 Narragansett is a member of the Ocean Beach Bowling club which to date has broken the record in the 799 division.

Nora Ingram of 4658 Adair and Irene Kimball of 4429 Muir were two lucky girls who saw Charlie Spivak last Saturday night.

Mae Walters, Adele Kisinger and Barbara Lawrence are having lots of fun taking square dancing lessons at Balboa Park.

The Tau Delta Chi fraternity gave a mountain party at their cabin in the Laguna mountains last Sunday for members and their dates. Walt Marshall of 4611 Saratoga was present at the party.

The "Poor Man's" ball, a dance sponsored by the sophomore class of State College and given at Lemon Grove, was attended by Nora Ingram, Beverly Lake and Mildred Van Gessel of Ocean Beach.

Bud Robinson of 4656 Narragansett was host to his fraternity last Thursday night.

Two Ocean Beach residents were elected officers of the Hods. Wade Peebles of 4749 Brighton was re-elected president and Tom Queen Jr. of 3414 Tennyson St. was elected treasurer. Wade was recently initiated into Sigma Pi Sigma, national honorary physics fraternity, and is now being rushed for Oceotel.

A birthday dinner party was recently given for Sherman Boles of 4766 Point Loma Blvd. at which Charlene Rocco, Mary Shabolt and Fred Kraft Jr. were present. Sherman is now 21.

Mildred Van Gessel of 4963 Long Branch Ave. was formally initiated into Sigma Alpha Iota, national music sorority last week.

George Claspill, president of Point Loma alumni, announces a coming alumni meeting, March 7. He also requests that anyone interested in playing on the alumni baseball team should contact him or John Bradshaw of 3568 Quimby St.

February 11th was the centennial of the birth of a great American, Thomas Alva Edison. In the hundred years since Edison's birth, much of the world's progress has been possible because of his achievements in the fields of lighting, the motion picture and phonograph, electronics, chemistry and many others.

It took 6000 experiments over an eight year period to find a suitable filament for the incandescent light.

When we realize what the world would be today without the discoveries of this man, we'll wish to stop occasionally during this centennial year of his birth to give thanks for his genius and persistence.

The Letter Box

4683 Pescadero Ave.
Ocean Beach, Feb. 11, 1947.
Editor Ocean Beach News
Dear Sir:

While I was on the bench at the Ocean Beach ocean front Tuesday I heard the conversation being discussed about the awful dirty and neglected beach—a disgrace to the city of San Diego and suggesting something should be done to remedy this unfortunate condition of our beach, and in behalf of the unfortunate property owners of this "dead" area of Ocean Beach. Our Chamber of Commerce ought to do something about it by putting on a little pressure on the Council.

Wake up citizens of Ocean Beach, demand your rights as taxpayers and demand this reproach be removed from Ocean Beach and that the city's negligence of Ocean Beach be stopped.

Congratulations upon the admirable and important service which the Ocean Beach News is rendering.

MAJOR J. JACKS,
Resident of Ocean Beach since 1927.

ERNEST MARSH, S. F. regional director of U. S. Conciliation Service: "We believe that management and labor will make a real effort this year to find a ground of compromise whereon neither wages nor price will go too far out of balance."

JANET CLARK, Mills College student (commenting on college president's complaint women are losing their power over men): "If man resents woman's development, he's maladjusted, that's all."

DR. JUNIUS HARRIS (addressing a Voluntary Health Insurance Week conference in Sacramento): "Governor Warren, I'm certain, would be the first to defend our right to disagree with him over compulsory medicine."

Goodwill Industry Pays Out $112,000 To Needy in 1946

At the end of 1946 a total of 82 aged, handicapped and needy persons were on the payroll of the Goodwill Industries of San Diego and more than $112,000 was paid in wages, according to the annual report Dr. Myron Insko of Ocean Beach, the executive secretary, presented at the annual meeting last week.

"This program of constructive philanthropy was made possible," he says, "by the cooperation of thousands of San Diego householders who contributed their castoff clothing, furniture and household articles to the Goodwill Industries. This organization is a non-profit, religious social service and is incorporated under California laws and is managed by a board of directors of local men and women. MacLean Wilson, who resides at 4430 Del Monte Ave., is president of the organization."

SWOLLEN STATE BUDGET

Governor Warren's budget of proposed State expenditures for the coming fiscal year, as submitted to the Legislature a few days ago, adds up to the record-breaking and somewhat staggering total of $641,500,000—an increase of $153,700,000 over the budget for the current year. It should be noted ,too, as a revealing sidelight on the recent pace of governmental growth, that the new annual budget is greater than the two-year budgets of just a few years back.

California's tremendous expansion during the war years is, of course, a contributing factor to the swollen State budget, because schools and other facilities must be provided for a vastly-increased population. Governor Warren also points out, and with merit, that this is the first budget which reflects preparations to catch up with peacetime needs—and that it also reflects the decreased purchasing power of the dollar.

Nonetheless, it is generally acknowledged by both legislaotrs and leaders in State affairs that the war-swollen surplus in the State treasury has been a constant temptation to budget increases and extravagant spending habits for the past several years. The new budget, to some extent at least, undoubtedly mirrors that trend, and we believe the legislators will do well to examine the proposed expenditures—and reduce them wherever cuts can be made without damage to essential services.

A Republican congress, committed to a balanced budget and tax reduction, has brought President Truman's budget under the paring knife. And for the sake of consistency with national policy, as well as to aid the taxpayers, our Republican-controlled Legislature certainly should scrutinize the Governor's budget and effect every economy consistent with good government.

HOME LIFE IS UNDER FIRE

Divorce, delinquency, cruelty to children, illegitimacy, rise to new records. Yet these are only the surface eruptions of a bloodstream that has lost its color and strength. The home life of nations is in decay. And this world disaster does not happen by chance. Godless forces are at work with a planned program to exploit and ride to power on moral confusion, weak will and self will, disunity and discontent.

What stands in their way? HOMES—strength of nations, training ground of character, source of contentment, school of teamwork and unity, cradle or renaissance. The godless forces must use every resource to discredit and destroy this, their greatest enemy. Broken or lustreless homes yield disillusioned and heartsick men and women in whom a philosophy of bitterness can take root. People without the security and anchor of a sound home drift vainly looking for some other satisfaction—someone else's wife, someone else's money, someone else's country. And the greed for power, appeasement, fear, insincerity, suspicion, irresponsibility—all these unmastered, go from the home to the conference table to affect world affairs.

But democracy, too, has a planned program for homes. Like its enemy's, this program does not happen by chance. It comes through change. Democracy's inspired ideology is for the breakfast table as well as for the peace table. That ideology is born from the control of God over human nature .

In homes which live democracy the battle is not between husband and wife or parents and children, but for a common service under God's direction. Such homes have no place in or for a philosophy of godless materialism or class warfare. From them flows a stream of healthy public opinion and action, creating the will for teamwork in industry, seeking and backing sound leadership and statesmanship, and swelling into a mighty positive force across the world.

TIME BOMBS BY VIC

Don't mark time—use it .

It's only living on the level that can raise the level of our living.

When you sit in on a conference, stand out for what's right.

To change the world by changing the system is like changing your shirt without bathing.

The more sound principle we have, the less self-interest collects.

Too little ambition can be as selfish as too much.

It is only fighting for a new world that can make us fit for it.

A man wrapped up in himself, they say, makes a pretty small package—just a bundle of nerves.

Visiting Aunt: And what do you little boys want to be when you grow up?

Nickie: I want to be a fireman.

Dickie: I want to be a policeman.

Mickie: I want to be a vitamin.

Aunt: A vitamin! You can't be that.

Mickie: Oh, yes I can. I saw a poster in a drug store window, and it said, "Vitamin, be one."

(Editor's note: This one stinks doesn't it.)

Irony? Oh, No!

The visiting Texan was taking in some wonders of California under the modest guidance of a native resident. The gentleman from Texas was beginning to be a trifle bored by his guide's superlatives. They passed a citrus orchard.

"What pretty grapefruit," complimented the Texan.

"No, not grapefruit," corrected the Californian. "Small lemons."

They drove by a great field of beautiful chrysanthemums.

"California dandelions," casually remarked the guide.

Presently they drove alongside of the Los Angeles river.

"Ah, what a pity," said the Texan. "Somebody's radiator is leaking."

public works programs should be delayed, except in cases of urgent necessity, until a better return can be realized for funds expended.

"4. Subvention of state funds to local governments for financing of local governmental functions should be avoided. This statement is not intended to be construed as opposition to apportionment to local governments of funds collected by the state from sources such as liquor licenses, motor vehicle in-lieu taxes, and motor vehicle fuel taxes.

"5. Any proposal to transfer to the state the function of assessing local property should be opposed.

"6. Functions of the state board of equalization having to do with the regulation and sale of alcoholic beverages should be transferred to a separate department—preferably a departmer of alcoholic beverage control to be headed by a director appointed by the governor with the consent of the senate.

"The department should have a rule-making and appellate board, without administrative authority, and should be composed of five members appointed by the governor with the consent of the senate. The members should be selected from districts established by the legislature. The governo should have the power of removal.

"There would be no objection to the setting up of an elective board with power to appoint an administrator. The important point is to separate tax and liquor control functions.

"The assessment and collection of taxes should be transferred to a state department of revenue—but until that can be accomplished the state board of equalization should retain its tax functions. In any event, the equalization of county valuations and assessment of public utility properties should remain functions of the board of equalization.

"7. Legislation should be enacted which will exempt city sales taxes from inclusion in gross receipts subject to the state sales tax.

"8. In instances where a retail sales tax is used to supplement local government revenues, the tax should be imposed by local ordinance and assessed, collected, and audited through facilities of local government."

BOWLING TOURNAMENT FOR VETERANS TO BE SPONSORED BY V. F. W.

Plans for a national bowling tournament to be held under sponsership of the Veterans of Foreign Wars at Pueblo, Colo., April 9-12, were announced here today by Commander Marion Belt of Lieutenant Bert Allen Post No. 2415 of Ocean Beach.

Each state department of the V. F. W. will be permitted to enter a five-man team, a two-man team for the doubles competition, and one representative for the singles, Commander Belt said, making a total of eight for each department.

The five-man teams will participate in a double-elimination tournament, with winners and losers brackets. The winners in the doubles and singles will be determined on the basis of highest score in three games.

Arrangements for housing the contestants in Pueblo hotels have been made by J. E. Chostner, Athletic Director for Colorado's District Two and chairman of the committee in charge. A program of entertainment has been planned for the visitors during their stay in the Colorado city, Belt said.

The post will meet in regular session Friday, February 14, in the Woman's club, Muir and Bacon St., Ocean Beach, at 8 p. m. A class of recruits will be inducted at this time.

Larsen Honored as Athletic "Star of The Month" Tuesday

Don Larsen, star basketball scorer of Point Loma high school, was in the limelight downtown Tuesday. He was presented with a memorial plaque by the Breitbard Athletic Foundation of San Diego for having been unanimously named as the athletic "Star of the Month" in San Diego. The presentation was made at the meeting Tuesday noon of the San Diego Kiwanis club.

He walked away with the award over a choice field of competitors which included Ben Cendali, San Diego High basketballer; Bill McColl and Fields Arthur, Hoover High cagesters; Dick Baker, Grossmont High's rotund guard; Bobby Gardner, golfer, and Chuck Giffin, San Diego club swimmer.

Larsen closed his final season of basketball with Point Loma High Friday in the game with Coronado and the 19 points he scored in that game brought his grand total for this season, in eight games, up to 138. In the five Metro league games, in which he played, he scored a total of 94 points, or an average of 18.8 points per game. In the league standings, he was 31 points ahead of his nearest competitor, Tennison of Grossmont. Tennison totaled 63 points in five games and his teammate Busch scored a total of 62 points, also in five games.

Though he does not graduate until June, Larsen's high school basketball career came to an end at mid-year as a result of having already played the maximum number of semesters allowed by the high school rules. He has played this season, however, in all but two of the nine-game Pointers schedule. Only games remaining are the one with Escondido tonight and one with Sweetwater High on Feb. 21.
